## HANDS-ON SCIENCE SERIES

- **Global Fever** – Discover the effects of global warming. We will explore renewable energy & each student will make their own recycled paper.
- **Chemfun** – Build a chromatography chamber and watch the colors separate before your very eyes. Join us in making silly putty and gummy bears as we learn how fun chemistry can be!
- **Smarty Plants** – Get all the “seedy” facts while you discover the amazing world of plants. Learn about photosynthesis and germination. Have a hands-on look at roots, shoots, and transportation inside a plant.
- **Sea Ya’ Later** – Explore our amazing underwater world while you make your very own reef. Learn about plankton, and why almost all ocean life depends on them; get the best on Coral Reefs; and discover how marine mammals stay warm. *Max/Min: 30/15.*
