IF AN APPARENT LOW BIDDER FAILS TO COMPLY STRICTLY WITH THE INSURANCE REQUIREMENTS, THAT BIDDER MAY BE DISQUALIFIED FROM AWARD OF THE CONTRACT.

Contractor shall obtain insurance of the types and in the amounts listed below.

A. Commercial General and Umbrella Liability Insurance. Contractor shall maintain commercial general liability (CGL) and, if necessary, commercial umbrella insurance with a limit of not less than \$1,000,000 each occurrence. CGL insurance shall be written on Insurance Services Office (ISO) occurrence form CG 00 01 10 93, or a substitute form providing equivalent coverage, and shall cover liability arising from premises, operations, independent contractors, products-completed operations, personal injury and advertising injury, and liability assumed under an insured contract (including the tort liability of another assumed in a business contract). Owner shall be included as an insured under the CGL, using ISO additional insured endorsement CG 20 10 or a substitute providing equivalent coverage, and under the commercial umbrella, if any. This insurance shall apply as primary insurance with respect to any other insurance or self-insurance afforded to Owner. Any insurance or self-insurance maintained by Owner shall be excess of the Contractor's insurance and shall not contribute with it. There shall be no endorsement or modification of the CGL limiting the scope of coverage for liability arising from pollution, explosion, collapse, or underground property damage.

B. Continuing Completed Operations Liability Insurance. Contractor shall maintain commercial general liability (CGL) and, if necessary, commercial umbrella liability insurance with a limit of not less than \$1,000,000 each occurrence for at least three years following substantial completion of the work. C. Business Auto and Umbrella Liability Insurance. Contractor shall maintain business auto liability and, if necessary, commercial umbrella liability insurance with a limit of not less than \$1,000,000 each accident. Such insurance shall cover liability arising out of any auto including owned, hired and non-owned autos. Business auto insurance shall be written on Insurance Services Office (ISO) form CA 00 01, CA 00 05, CA 00 12, CA 00 20, or a substitute form providing equivalent liability coverage. If necessary, the policy shall be endorsed to provide contractual liability coverage equivalent to that provided in the 1990 and later editions of CA 00 01.

The commercial umbrella and/or employers liability limits shall not be less than \$1,000,000 each accident for bodily injury by accident or \$1,000,000 each employee for bodily injury by disease. If Owner has not been included as an insured under the CGL using ISO additional insured endorsement CG 20 10 under the Commercial General and Umbrella Liability Insurance required in this

Contract, the Contractor waives all rights against Owner and its officers, officials, employees, volunteers and agents for recovery of damages arising out of or incident to the Contractor's work.

E. General Insurance Provisions

1. Evidence of Insurance

Prior to beginning work, Contractor shall furnish Owner with a certificate(s) of insurance and applicable policy endorsement(s), executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements set forth above. All certificates shall provide for 30 days written notice to Owner prior to the cancellation or material change of any insurance referred to therein. Written notice to Owner shall be by certified mail, return receipt requested. Failure of Owner to demand such certificate, endorsement or other evidence of full compliance with these insurance requirements or failure of Owner to identify a deficiency from evidence that is provided shall not be construed as a waiver of Contractor's obligation to maintain such insurance. Owner shall have the right, but not the obligation, of prohibiting Contractor or any subcontractor from entering the project site until such certificates or other evidence that insurance has been placed in complete compliance with these requirements is received and approved by Owner. Failure to maintain the required insurance may result in termination of this Contract at Owner's option. With respect to insurance maintained after final payment in compliance with a requirement above, an additional certificate(s) evidencing such coverage shall be promptly provided to Owner whenever requested. Contractor shall provide certified copies of all insurance policies required above within 10 days of Owner's written request for said copies.

2. Acceptability of Insurers

For insurance companies which obtain a rating from A.M. Best, that rating should be no less than A VII using the most recent edition of the A.M. Best's Key Rating Guide. If the Best's rating is less than A VII or a Best's rating is not obtained, the Owner has the right to reject insurance written by an insurer it deems unacceptable.

3. Cross-Liability Coverage

If Contractor's liability policies do not contain the standard ISO separation of insured's' provision, or a substantially similar clause, they shall be endorsed to provide cross-liability coverage.

4. Deductibles and Self-Insured Retentions Any deductibles or self-insured retentions must be declared to the Owner. At the option of the Owner, the Contractor may be asked to eliminate such deductibles or self-insured retentions as respects the Owner, its officers, officials, employees, volunteers and agents or required to procure a bond guaranteeing payment of losses and other related costs including but not limited to investigations, claim administration and defense expenses.

5. Subcontractors

Contractor shall cause each subcontractor employed by Contractor to purchase and maintain insurance of the type specified above. When requested by the Owner, Contractor shall furnish copies of certificates of insurance evidencing coverage for each subcontractor.

F. Indemnification. To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the Owner and their officers, officials, employees, volunteers and agents from and against all claims, damages, losses and expenses including but not limited to legal fees (attorney's and paralegals' fees and court costs), arising out of or resulting from the performance of the Contractor's work, provided that any such claim, damage, loss or expense (i) is attributable to bodily injury, sickness, disease or death, or injury to or destruction of tangible property, other than the work itself, including the loss of use resulting there from and (ii) is caused in whole or in part by any wrongful or negligent act or omission of the Contractor, any Subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, except to the extent caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist as to any party or person described in this Paragraph. Contractor shall similarly protect, indemnify and hold and save harmless the Owner, its officers, officials, employees, volunteers and agents against and from any and all claims, costs, causes, actions and expenses including but not limited to legal fees, incurred by reason of Contractor's breach of any of its obligations under, or Contractor's default of, any provision of the Contract.

12. GUARANTEE

Except as otherwise specified, the Contractor shall guarantee workmanship and materials, for one year, from date of final acceptance by the Owner. Any manufacturers' warranties or guarantees shall be assigned to the Owner. The work shall be left in perfect order at completion and acceptance. Neither the final payment nor the termination of the guarantee period, nor any provision in the Contract document shall relieve the Contractor of the responsibility for negligence, faulty materials, or workmanship within the extent and period provided by law, and upon written notice he/she shall remedy any defects due thereto, and shall pay all expenses for any damage to other work resulting there from.

If the Drawings and/or Specifications provide for methods of construction, installation, materials, etc., which the Contractor cannot guarantee for the indicated period, it shall be the responsibility of the Contractor to so inform the Owner in writing before submitting his/her bid. Otherwise, the Contractor shall be held responsible to provide the method of construction, installation, materials, etc., which will be guaranteed for the indicated period of time. Any discrepancies found between the drawings and written specifications and site conditions

or any errors, omissions or ambiguities in the drawings or written specifications shall be immediately reported to the Park District Representative.

13. SELECTION OF SUBCONTRACTORS

Selection of subcontractors is subject to the Owner's review prior to awarding of Contract. The General Contractor must submit a list of his proposed subcontractors with the submission of this quote, as well as evidence that those subcontractors requested to be afforded the opportunity to quote have had that opportunity and have responded.

14. COMPLETION OF ALL WORK

All work, as either implied or reasonably inferable from the contract documents and specifications shall be the responsibility of the Contractor. All specifications are directed to the attention of the Contractor and the inclusion of any work by mention, note, detail, itemization or implication, however brief, means that the Contractor shall provide and install same. All work performed shall include all appurtenances and apparatus normally deemed to be a part of a completed package within the definitions of normal industry standards.

15. INSPECTION BY CONTRACTOR

The Contractor shall familiarize himself with the project through inspection of the site, drawings, and the specifications, so as to thoroughly understand the work. Any and all discrepancies and omissions shall be reported to the Owner prior to commencement of any work. It is the responsibility of the Contractor to insure that discrepancies or omissions are reported and clarification obtained from the Owner prior to work being done. Any work that proceeds otherwise shall be, if incorrectly performed, replaced or repaired with the cost for same being borne by the Contractor. He shall verify all dimensions for coordination.

16. SUPERVISION

The Contractor is to provide a full-time superintendent on the project to coordinate all subcontractors' work and supervise the daily activity of the project as well as maintain the site in a safe clean manner.

17. SITE CONDITIONS

All Contractors' work shall be performed in a first-class, workmanlike manner, cutting, patching, matching and aligning all surfaces where applicable to afford a finished neat appearance. Contractor shall clean all surfaces free of dirt and refuse caused by debris from all installation techniques of the trade. All adjacent surfaces to their work shall be left as they appear prior to the commencement of the Contractor's work to be done. Contractor shall properly protect all adjacent surfaces during the course of this installation.

18. OWNER INSPECTION

The Homewood-Flossmoor Park District's representative shall have access to the site at all times and to the factory or shop of any of the subcontractors. Any inferior material or workmanship shall be removed upon demand and work shall be reconstructed as approved by the Owner at the Contractor's sole expense.

20. OTHER CONTRACTS

The Owner reserves the right to let other contracts in connection with the work of the project. The General Contractor shall be responsible for coordination of work and establishing schedules for all trades; he shall afford other contractors reasonable opportunity for the introduction and storage of their materials and equipment and the execution of their work.

21. CHANGES TO THE WORK

The Owner reserves the right to make changes in the specifications as the work progresses. Bulletins, change orders, drawings, specifications or instructions covering such changes will be issued to the Contractor whose responsibility it will be to distribute these immediately and to notify the field office and all subcontractors affected to take such measures as may be necessary to avoid errors in the work which may occur due to the use of superseded drawings. Work affected by changes proposed in any revised drawings or other documents issued to the Contractor shall not be executed unless changes are accompanied by letter of authorization to proceed accordingly. In cases where instructions accompanying any issue of revised drawings or specifications request estimates of cost involved, such estimates shall be prepared and submitted promptly in order not to unduly effect the progress of the work.
